innovative Quality

Die Qualität der Originalteile ist unsere Mindestanforderung

Landwirte und Lohnunternehmer müssen gewinnorientiert arbeiten. Erträge sind wie überall abhängig vom materiellen Einsatz und von der Arbeitszeit. Somit wird der Erfolg nicht zuletzt von der Standzeit der Verschleißteile bestimmt. Hochwertigere Teile mit langer Lebensdauer sparen unnötige Arbeitszeit für oftmaligen Teilewechsel.

Deshalb ist unsere Basisqualität die Originalqualität der Hersteller. Alles darüber hinaus bedeutet ein Mehr an Lebensdauer und Einsparung an Arbeitszeit.

Original Quality is our minimum requirement

Nowadays farmers have to work profit-oriented. Revenues are as everywhere dependent on material input and life time. In this case farmers' success has a strong connection to life time of wearing parts. High quality parts with long life time reduce working time for often parts change.

That's why our standard quality is equal to the quality of OEMs. All this also means a longer life time and savings in working time. As your partner, we fulfill these requirements not only with the material.

iQparts

Doppelte Lebensdauer soll kein Glücksspiel sein

Twice the life span isn't supposed to be gambling.

Doppelte Lebensdauer

iQ-Parts hat in der Standardqualität mit 48 - 52 HRC oft mehr als die doppelte Lebensdauer als manche Originalteile (40 - 46 HRC)

Twice the life span

In the standard quality with 48 - 52 HRC, iQ-parts often has more than twice the life span of some original parts (40 - 46 HRC)

- 1 Mehr Verschleißmaterial – vielfache Lebensdauer**
More wearing material – long life time
- 2 160 % härter – weniger Verschleiß**
160% harder – less wear
- 3 25 % breiter – längere Lebensdauer**
25% wider – longer life time

Logistic is more than transport

Produkte sind durch Fakten vergleichbar und durch Zahlen messbar. Ideen sind es nicht. Unser Ziel ist, nicht nur ein gutes Produkt zu verkaufen, sondern Ihnen auch mit Ideen den Verkauf und das Handling zu erleichtern.

Products can be compared on the basis of facts and measured using figures. They are not ideas. Our aim is not only to sell a good-quality product, but also to simplify the sales process and handling for you, by means of ideas.

Das ist „Premium-Logistik“ – vollautomatisch und fehlerfrei wiegen, zählen und etikettieren.

This is “Premium logistics” – the weighing, counting and labelling processes are fully-automated, eliminating errors.

iQparts

Ihre Artikelnummer in unserem System

- im Webshop für Sie zu finden
- mit Barcode auf der Ware

Your article number in our system

- You can find this in our Webshop
- with barcode on your goods

Sparen Sie sich das mühsame Suchen nach den passenden Schrauben für Ihren Verschleißteil. Wir erstellen Schraubensets genau zu den jeweiligen Teilen. Das heißt, Sie brauchen keine Durchmesser oder Spezifikationen von Gewinde oder Kopf angeben – lediglich die Teilenummer. Wir senden Ihnen dann die passenden Schrauben in definierten Packungsgrößen mit Ihrer Bestellung mit.

Smartes Service für

- vereinfachtes Bestellwesen
- gute Zusatzverkäufe
- lückenlose Lagerhaltung

Save yourself the effort of searching for the right bolts for your wearing part. We manufacture sets of bolts to fit the relevant parts precisely. This means you do not need to provide the diameter, thread specifications or bolt head size – simply the part number. We will then send you the correct bolts with your order, in predefined packaging sizes.

Smart service for

- simplified order process
- good opportunities for additional sales
- extensive storage
